

DEPARTMENT OF THE ARMY
Portland District, Corps of Engineers
P.O. Box 2946
Portland, Oregon 97208-2946

CENPP-SO
NPP Supplement 1
to ER 385-1-80

8 January 1988

Safety
RADIOLOGICAL SAFETY

ER 385-1-80, 7 May 1982, is supplemented as follows:

Page 3, Paragraph 5b, Responsibilities. Add subparagraph (9).

The development of procedures and instructions for specific activities and the application of the radiological phases of the safety program are responsibilities of the District official or supervisor directing the activity. All procedures and correspondence for controlling radioactive material or electromagnetic radiation problems shall be coordinated with the Radiation Protection Officer (RPO) or Alternate RPO.

Page 3, Paragraph 5c, Responsibilities. Add subparagraph (5).

The Chief, Safety and Occupational Health Office will provide overall staff coordination, technical advice and assistance on the radiological phases of the safety program.

Page 3, Paragraph 5d, Responsibilities. Add subparagraph (3).

The RPO or Alternate RPO will call/act as chairman for a committee representing Engineering, Construction and Operations Divisions as required, thereby providing centralized coordination on all matters involving radiological phases of the safety program. Such representatives shall be qualified by a certificate of proficiency (Radiological Safety Course) from the U.S. Army Chemical School. They shall also assist the operating official in applying the radiological phases of the safety program in their Division.

Page 3, Paragraph 5, Responsibilities. Add subparagraph e.

Emergency Management Branch oversees the Nuclear, Biological and Chemical (NBC) Survival Recovery Education and Training, which is a function separate from this regulation.

FOR THE COMMANDER:

R.R. GOODELL
Lieutenant Colonel, CE
